Cllr Buchanan advised that the office had today received notification that this application is to be reported at the GBC Regulatory Board meeting next week. The planning officer confirmed that this is due to the application being previously called in then withdrawn so this is a follow up and that our comments will be included in the supplementary report.

The member of public reported to members that the Conservation Officer had

advised that a plan no bigger than the current footprint would be acceptable but this revised application was still bigger and that the window at the rear is 40cm from no. 2 Green Farm.
